JACQIE WILSON PROMOTED TO VICE PRESIDENT OF PROGRAM MANAGEMENT

Austin, TX – February 4, 2025 – CD&P is proud to announce the promotion of Jacqie Wilson to Vice President of Program Management. Since joining CD&P in 2015 as a Community Outreach Coordinator, Jacqie has played a key role in expanding the firm’s portfolio, fostering employee development, and leading engagement and communications for major infrastructure initiatives across Texas.

Her expertise in public involvement, stakeholder engagement, and program management has been pivotal in driving meaningful impact within both the firm and the communities it serves. Over the past decade, Jacqie has designed innovative communication programs for roadway construction projects, ensuring the public remains informed while minimizing disruptions for drivers. She has successfully navigated challenging and controversial infrastructure projects by fostering collaboration with local communities. Her portfolio includes major highway construction, transportation planning, National Environmental Policy Act (NEPA) compliance for roadways and ports, and transit planning.

“Jacqie’s ability to navigate complex stakeholder landscapes with empathy and professionalism sets her apart,” said Arin Gray, President of CD&P. “Her unwavering commitment to public engagement, trust-building, and delivering exceptional results has made her an invaluable leader within our organization.”

As Vice President of Program Management, Jacqie will continue advancing CD&P’s mission, overseeing the successful execution of programs that shape communities. In this role, she will provide strategic leadership, mentor project managers, and foster a culture of collaboration and excellence to drive impactful results.

Please join us in congratulating Jacqie Wilson on this well-deserved promotion!
